

A digital rendering of two women in 1960s fashion. The woman on the left has tattoos and wears a denim vest and shorts with red boots. The woman on the right wears a pink crop top, a long patterned skirt, and blue sunglasses. They are on a rooftop with a city skyline in the background.

Summer  
of Love  
1968

Rhyull

We're just wasting our time here,  
man. These streets are desolate.

Oh... but what do we have here...

Looks like a couple of groovy chicks to me!

They're slowing down!

This one better stop.  
My feet are killing me!

I could really go for  
the one with brown hair

They both got brown hair  
you dummy!

OK the one with  
big tits!

Looks like they both got big  
tits too. You take the one  
with shades

Where you two fine looking  
mommamas heading for?

We're on the road  
to Frisco

Then it's your lucky day. We're  
groovin' on down to Hashbury  
ourselves!

This is one cool set of wheels!

Could use some seating though

We've not had it long. Just finished the art a few days ago

No hassles here, it sure is better than walking or having some sleaze of a straight wanting his weenie blown

Yeah, me and Stoner here, we're just doing our own thing to get by in this sorry world

A woman with long brown hair, wearing a headband and denim overalls, is looking at a hookah. She has several tattoos, including a large floral one on her chest and a skull on her shoulder. The hookah is silver with a white bowl and a wooden handle. The background is a textured, brownish wall.

Wow, that's one amazing looking hash pipe!

Oh, yeah, I picked it up from a head shop in the Village

We know an amazing place to get  
in touch with nature and chill if  
you chicks are into it

I think you are playing  
our song there, man!

(sung... out of tune)  
*When you're going to San Francisco  
Be sure to wear some flowers in your hair...*

(All, still singing, still out of tune)  
*Oh but I was so much older then  
I'm younger than that now...*

These flowers, man they really know where it's at.  
Like they don't work and they don't ask for anything.  
They just...are...

That's so beautiful

You gotta free yourself from the restrictions of society to really feel Mother Earth breathing

This is some really righteous smoking material, dude!

This is like our own Garden of Eden here.  
We don't need any artificial barriers to  
becoming one with the flowers!

You're going to strip off?  
Just like that?

That's what we came looking for remember?  
Flower power, free love and peace with the  
dawning of the Age of Aquarius

Yeah, it just seemed sort of different,  
back there talking about it but I'm  
with you, sister

You've always been my spiritual sister.  
Let's take this journey together just  
like we planned it.

*Wow, that is one cute ass!*

Let's do it then!

*Those are some tits too! ...  
and the way she sucks on that...*

*Just like we planned it. I never  
really believed it would work*

*This dope is making me  
really horny though*

(whisper)  
Did smoking that stuff make you want to...  
you know...

Yeah... really need something  
long and hard right now!

The stoned girls pounce on their 'victims'

One guy is very much up for it.  
He's been trying to figure how  
to get things moving and was  
ready to do some persuasion  
but it isn't needed now!

Stoner doesn't look quite so lively though...

.... his cock should be showing a lot more reaction  
to a sexy chick blowing him...

\*POKE  
POKE\*

What's a horny girl to do when  
her ride is sparked out?

What else but share with her friend!  
After all, it is free love isn't it!

Share the love!

Ohhhhh... that feels so good!

Yeah, right there! This is one far out trip!

You are a pair of real hot chicks  
when you get going!

What... where am I?

Mega babes! I must be tripping!

Uhh... Uhhhh uhhh.. you're gonna make me cum!

Uhhhhhh Arrrgghhhh.....  
suck my clit harder!

You're so wet it's like  
fucking silk in there mamma!

Oh wow... totally far out  
and intergalactic!!

My cunt is still tingling from that climax but now I need something bigger than a tongue

Now it's my turn to ride you, dude!

Just look at those far out colors! The whole world must be flying on acid!

Gotta get me some rainbow colored pussy!

Tits of fire and ice!  
It must be Gaia

Stay right there! Zeus has  
come down from Olympia  
to impregnate the goddess!

Oh yeah... this is what we came for  
the Summer of Love and some  
hard fucking cock ngghhhhhh  
Don't stop, I'm going to...  
Unghhhhhhhh...

Crazy chick, I ain't  
about to stop for  
anything!

Look!! Oh man, are they nymphs or valkyries?

What the heck you  
looking at Stoner?

Right there! So many of them!

Wall to wall pussy!!  
Just be patient girls, I'll get to  
each one of you soon!!

Where... They're hiding from me!  
Come out you tricky nixies!

Stop dicking around you  
stoned out freak!  
There's some hot cunt  
right here!!

Get over here right now or  
I'll go find some cat who  
knows how to appreciate  
what I'm putting out...

Woahhh... bad vibes.. OK cool  
it man, the satyrs must have  
dragged all those nymphs off  
to visit Pan. I'm still here

That doesn't exactly  
reassure me just now

AT LAST!!  
Get your tongue in there  
unnnnnhh... that's the  
sort of apology I can use

Now in harmony again the smell of  
cunt juice and cum blends with the  
scent of flowers and the cries of  
arousal merge with rustling leaves  
and running water. Love, or at  
least lust, fills the air

Bodies entwine in harmony as  
the permutations change  
through the summer afternoon

No hole is left unfilled or unsatisfied  
as both virile cocks are milked of  
every last drop of jism

Oh wow, that was one awesome way  
to get back to the Garden!

Yeah, once you managed to  
find the right gate, Stoner!

Kinda makes you wish it could be like this  
all the time but I can't live off of rose petals  
and rainwater

Amen to that! And besides, we gotta be back at work in about 15 days. Don't freak out guys but we're both cops with the NYPD. We came out here for our annual holiday so we could get to screw without any repercussions

You chicks don't ball like any cops we know.  
And we should know.... hahahah... we're  
both with the LAPD ourselves!

It's true! We busted a dealer for his stash and took his wheels then we picked up these wigs from a Goodwill so we could get to fuck some of the foxy hippie chicks who put out for any long haired freak. Present company excepted of course!

Oh good lord... that is the funniest thing ever.  
Maybe you should try some home-cured  
bacon. Those women officers could be a  
surprise for you!

Could be but this way we don't have to  
buy dinner first, just bust another dealer.  
And no hassles about marriage or  
staying with just one woman.

Excuse my friend, he's living proof that all men are chauvinist pigs like those feminist lesbians say. But we do need to get moving. We'll drop you girls off at Haight Ashbury and you'll find all the sex you can handle for the rest of your vacation!

If it's all like today we'll be going back bow-legged to the Big Apple! Good luck with your cunt hunting, guys!
